Prairie Mountain Health Employee Discount Program

The Prairie Mountain Health (PMH) Communications Department along with the Employee Wellness Team are working on creating a PMH Employee Discount Program, and we would like you to be included!

As part of the PMH Employee Discount Program, we would like to offer discounts or incentives to our employees for services or products provided by organizations and businesses such as yours. Your business will be promoted to staff along with the discount you are offering on our internal intranet (website) accessible only by PMH staff. When your discount offer is first received, it will be announced in our weekly email newsletter, which goes out to all of our staff. Any PMH or Shared Health employee that works in the PMH region may receive the discount upon presentation of their ID badge.

PMH (along with Shared Health) employs approximately 8,500 healthcare workers in our region through a network of services. Some of these individuals work in your community providing health care in the hospital, clinic or personal care home and by providing services in the community such as Home Care, Emergency Medical Services (ambulance), health promotion, Public Health, Therapy services, etc. The PMH Employee Discount Program is a great way for you to show your appreciation to those that provide health care in your community.

If you would like more information on this opportunity please contact Heather Janssens, Communications Coordinator at 204-534-6356, hjanssens@pmh-mb.ca or Lisa Solomon, Regional Policy Coordinator at 204-759-4528 or lsolomon@pmh-mb.ca.
